If the USFS does away with OHV access we will not longer be able to take my disabled sister-in-law on camping and jeep trips. She cannot access the US Forest on foot due to problems walking, she is also deaf and retarded. If OHV access is taken away hundreds of thousand of Disabled Americans will lose out. We are responsible 4-wheelers and only travel on approved trails and take extra precautions to preserve our national forests. We also assist every year in taking mobility disabled teens and adults into CAMP WAMP in the Sierra National Forest. This is the only vacation these campers get every year in our national forests. Please do not take away OHV access as many Disable Americans will lose out on our National Treasure.
