Comments

PLEASE NOTE:::::::::: I am not commenting on the proposed rules here - I am trying to get in touch with someone in authority who can come up with a meeting date for Washington State - the forest service has neglected to allow us to be a part of the public forum on this. Kindly advise me of when a forum in Washington State will be held. You are also welcome to call me at 360-742-8310 to tell me the date and that your website will be updated or put me in touch with a person who can. Thank you - Donna Ruelas Semasko
